

Striving for excellence we continue our dedication to innovative quality and safe products. With a great vision to enhance safety awareness, ResQMe™ continuously endeavors to work with industrial companies (automotive, pharmaceutical, insurance, finance, petroleum, manufacturing and construction companies) who demand the best in quality and performance. Quality materials and craftsmanship have been keys in building trust in our name - providing peace of mind when it matters most.

The latest trends of introducing new concepts and branding companies show that implementing ResQMe™ hold great impact on their customers' and employees' satisfaction by joining the effort to make rescue tool's standard equipment to every motorist. Plus the idea behind such marketing campaign allows drivers' peace of mind and stresses the importance of preventative auto safety.

ResQMe™ enhances the image of their organization and reflects their commitment to their clients' safety—putting their company firmly ahead of their competitors.

**ResQMe™ is proactive
to our safety!**
