ResQMe - 2 IN 1 Keychain Rescue Tool. Gift for Life!

For a unique marketing campaign, we all know that choosing the perfect promotional item is never an easy task, especially if we are looking for something innovative.

Among all potential items that could end up being the perfect pick, there is a particular product that is not only a great gift, but "A Gift For Life" named ResQMe™.

Made in the USA, this innovative yet powerful keychain rescue tool is always at your fingertips in case of a car emergency. A fierce but absolutely safe center-punch breaks side windows and a carefully concealed razor-sharp blade slices through a jammed safety belt to prevent vehicular entrapment. Accompanying your vehicle keys or hung strategically on a safety-belt, ResQMe™ goes where you go providing you with real "Peace of Mind"

Look beyond normal promotional product and open the door to safety... ResQMe™ is the key! Perfect for all type of industries like automotive, utility fleet, pharmaceutical, petroleum and any corporations, ResQMe™ serves business in various aspects by providing safety in a manner that reflects both commitment and foresight.

Available in 4 attractive colors, yellow, royal blue, black and our new vibrant safety orange. Ship from the US and Holland. TÜV approved.
